

What Glycolic Acid Does?

1. It has effective skin-renewing properties
2. It can help smooth fine wrinkles and improve the skin's tone and texture.
3. Glycolic acid plumps the skin and helps boost hydration levels.
4. It's anti-aging treatment
5. Glycolic acid can also help fight sun damage.
6. It's often used to fade minor hyperpigmentation.
7. Because it's an effective exfoliator, using glycolic acid regularly can help brighten the complexion.
8. It's this exfoliating property that also makes it an effective preventative against ingrown hairs.
9. If you have large pores, glycolic acid can help make those appear smaller as well.
10. Glycolic acid can help keep pores clear from blockages, preventing comedones, blackheads, and inflamed breakouts and acne from forming.
11. Glycolic acid can lighten dark discolorations left by acne or other wounds, and may soften the look of raised scars and pitted scars

What Glycolic Acid Does? Whitening body Areas

Vegetable Cosmetics Excellence | L'eccellenza della cosmesi vegetale

Before Treatment Lotion 200 ml

- Innovativa ed esclusiva lozione prettattamento, con acidi della frutta e acido glicolico, che deterge in profondità e preacidifica la pelle preparandola a ricevere l'applicazione della Hyper-white Cream.
- It's an innovative and exclusive pretreatment lotion with fruit and glycolic acids that deeply cleans and pre-acidifies skin helping it to receive, with security, the application of Hyper-white Cream.

Sweet Bio-peelings Liquid Soap 250 ml

- Contiene acido glicolico al 2%, achillea e pompelmo che in sinergia esplicano l'azione esfoliante, schiarente.
- Perfetto per la detersione quotidiana di mani, corpo e viso. (Evitare il contorno occhi).
- It contains a synergy of yarrow of glycolic acid 2% and grapefruit that help an exfoliating action, brightening.
- It is perfect for daily cleansing of hands, body and face. (Avoid eyes contour).

Hyper-white Cream 50 ml

AZIONE COADIUVANTE SCHIARENTE EFFETTO "PELLE DI PORCELLANA".

- Crema intensiva per coadiuvare la riduzione e prevenzione delle macchie cutanee.
- Formula composta da acido glicolico al 2%, da un attivo liposomiale derivato dalla soia e dall'estratto del germoglio di garden cress. Il primo, in sinergia con achillea, stimola il turn-over cellulare aiutando a schiarire la macchia. Il secondo coadiuva l'inibizione dell'enzima responsabile della sovrapproduzione di melanina e ipofusione (pigmento dell'invecchiamento).
- L'azione coadiuvante preventiva anti-macchia è incrementata dalla presenza di FILTRI SOLARI PROTETTIVI.

Ideale per pelle da schiarire, scura, chiara o macchiata. Può essere usata tutto l'anno. Anche per pelli sensibili.

AGISCE DIRETTAMENTE SULLE MACCHIE LASCIANDO INALTERATE LE AREE CIRCOSTANTI.

LIGHTEN ACTION EFFECT "SKIN LIKE FINE PORCELAIN".

It is an intensive treatment to reduce and prevent skin blemishes. The first, in combination with yarrow, helps to stimulate cells turn-over brightening blemish. The second helps to inhibit enzyme involved in overproduction of melanine and lipofusione (aging pigment). Preventive anti-blemishes action is improved by protective SUN FILTERS presence.

Ideal for skin to be lighter, dark, clear and/or with blemishes. It can be used all the year long. Ideal for sensitive skin. IT DIRECTLY WORKS ON BLEMISH LET AREA AROUND NOT ALTERED.
