

# FILLER ELEGANCE LINE

Professional grade anti-aging care

## GENERAL DESCRIPTION

The Filler Elegance line is a high-performance skincare collection developed for professional use. It combines advanced biotechnological ingredients with multi-molecular hyaluronic acid to target multiple signs of aging, including fine lines, volume loss, dehydration, and skin laxity. Formulated and manufactured in France, each product offers visible results, luxurious textures, and compatibility with aesthetic treatments and home care routines.

## PROPERTIES OF THE INGREDIENTS

### Matrigenics.14 G

Marine-based biotechnology that reactivates the synthesis of 14 youth-related genes, promoting collagen and elastin production. Visibly reduces wrinkles, smooths skin texture, and restores facial contours

### Comipheroline

Plant-derived lipid synthesis booster with volumizing action. Fills fine lines and enhances skin density for a naturally plumped, sculpted effect

### Instensyl

Cassava-based 3D biopolymer that forms a film on the skin's surface. Provides immediate lifting and tightening for facial contours and eye/lip zones

### Sepilift DPHP

Triple-action firming agent that moisturizes, tones, and smooths. Reduces wrinkle depth, protects collagen fibers, and improves elasticity

### Earlyboost

Taurine-based energizing complex that boosts cell metabolism, improves tone, and protects skin from environmental stress. Ideal for fatigued or dull skin.

### Marine Collagen & Marine Elastine

Strengthen the skin structure and elasticity. Improve firmness, density, and tone across delicate areas like the eye contour and neck

### Hyaluronic Acid Complex (20-2200 kDa)

Four molecular weights of hyaluronic acid provide multi-level hydration, enhance elasticity, and support dermal recovery. Ensure immediate plumpness and long-term skin resilience.

## RECOMMENDED USE

For daily application and/or post-procedure recovery. Suitable for all skin types, including mature, dry, and tired skin. For optimal results, use consistently and combine with in-clinic protocols.

# FILLER ELEGANCE LINE

Professional-grade anti-aging care for face, eyes, lips, neck & décolleté

## Correction Face Cream

50 ml  
CPFECFC050
