

The background is a solid purple color. It features two large, stylized white line-art flowers. One flower is positioned in the upper right quadrant, and the other is in the lower left quadrant. The flowers have multiple layers of petals and detailed leaf structures.

CARELIKA

PROFESSIONAL SKIN CARE

FILLER ELEGANCE

**CARELIKA FILLER ELEGANCE — elegance enhanced by science.**

Like the iris, our skin reveals its beauty with the right care. This flower has become the symbol of the Carelika Filler Elegance line — embodying softness, strength, and natural harmony.

We have captured its essence in formulas designed to restore skin density, hydration, and smoothness — without injections.

**MADE IN FRANCE**

# CARELIKA FILLER ELEGANCE

## FULL POWER AGAINST SKIN AGEING

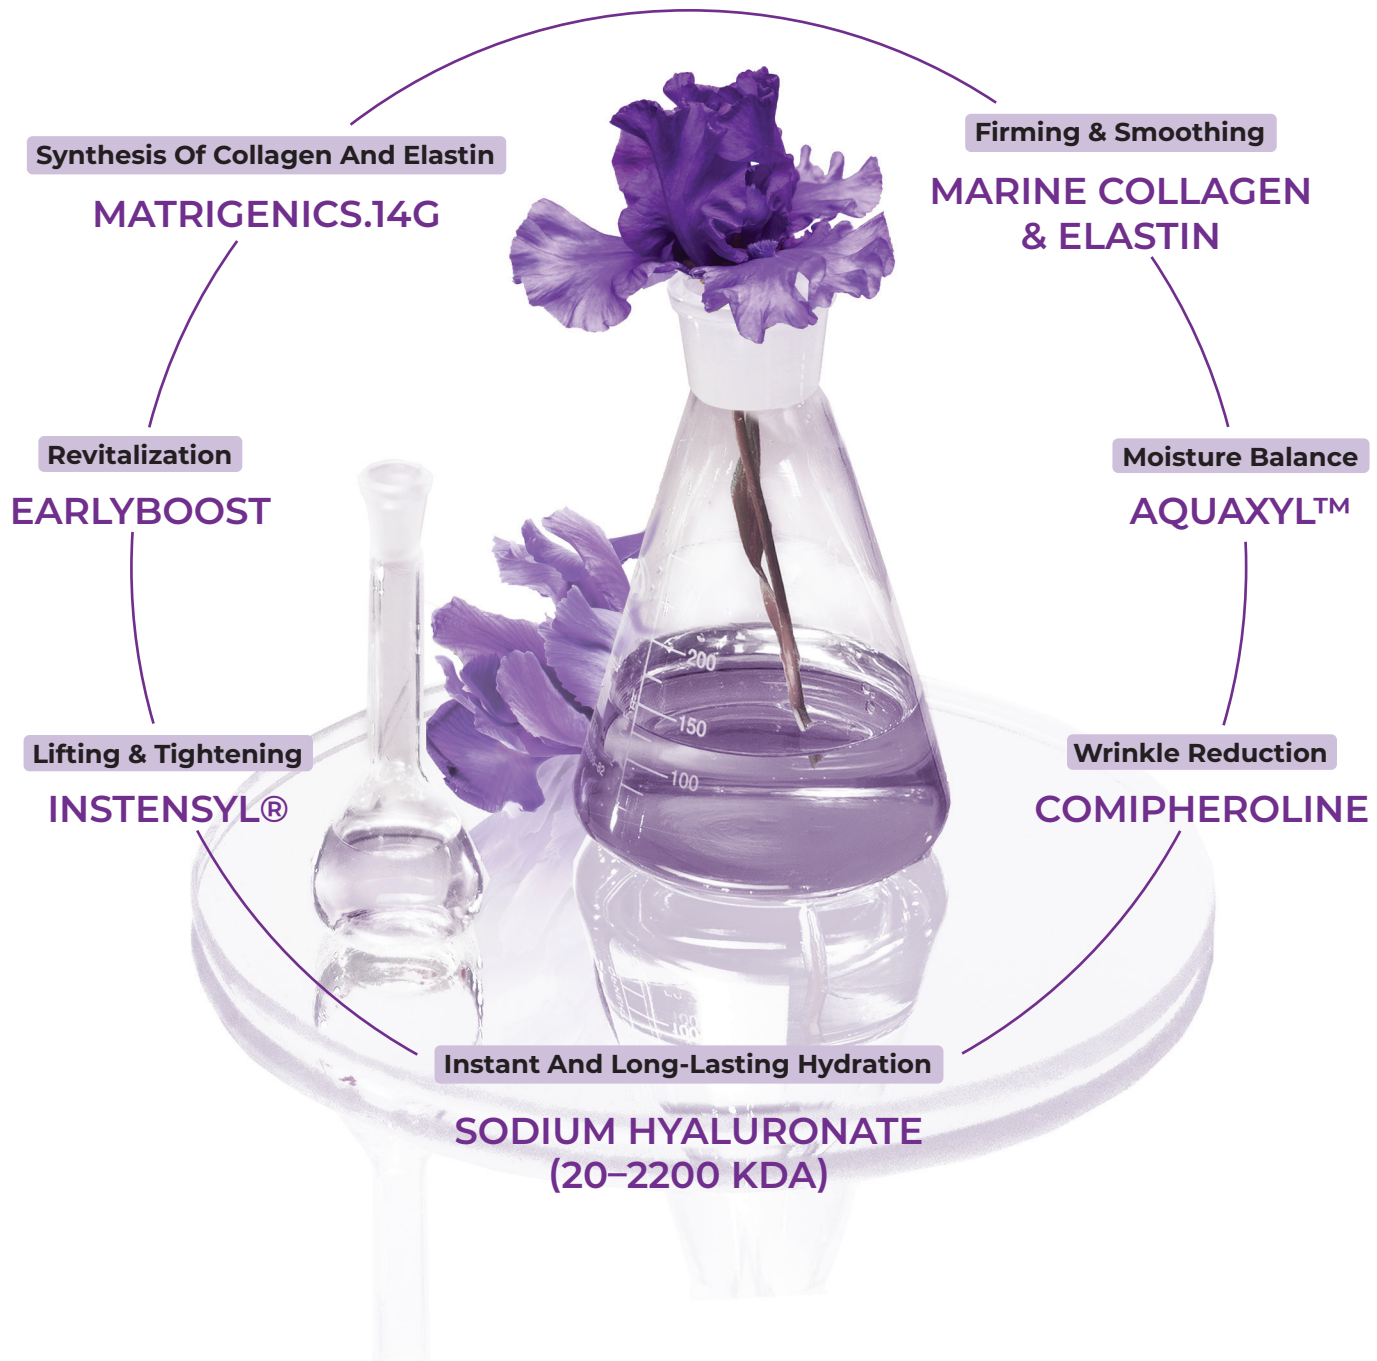

No injections. Just science.  
Boost skin density and firmness  
Visibly smooth wrinkles  
Deep, multi-level hydration

The line includes:

- Correction Face Cream
- Neck And Decollete Cream
- Correction Eye Cream
- Correction Lip Cream

# SCIENTIFIC APPROACH. KEY ACTIVE INGREDIENTS

# WHY DIFFERENT CREAMS ARE NEEDED FOR THE FACE, NECK, EYE AREA, AND LIPS

The skin in different areas of the face and neck varies in structure, thickness, sebaceous glands activity, and mobility. These differences require individually tailored textures, concentrations of actives, and care formulas. Below is an explanation of why the same cream cannot be used for all areas.

**FACE**

**NECK & DECOLLETE**

**EYE AREA**

**LIPS & LIP CONTOUR**

**Structural Features**

Medium-thick dermis, active sebaceous glands, high metabolic rate.

Thinner skin, almost no sebaceous glands, more prone to sagging and mobility.

Very thin skin (up to 10 times thinner than facial skin), almost no subcutaneous fat.

Thin, mobile skin, prone to dryness, almost no natural UV protection.

**Cosmetic Needs**

Hydration, density restoration, wrinkle and texture correction.

Firming, toning, correction of horizontal wrinkles and looseness.

Reducing dark circles, puffiness, and expression lines.

Restoring volume and elasticity, smoothing vertical lines.

**Reason for a Separate Product**

Requires a universal formula with strong penetration and barrier support.

Needs a more elastic, stretchable formula with gentle lifting components.

Needs a delicate, hypoallergenic formula without fragrance and with low molecular weight actives.

Requires moisture-retaining, volume-enhancing ingredients. The formula must not migrate.

Each area demands a specialized approach. The CARELIKA Filler Elegance line takes these differences into account, offering targeted solutions for the face, neck, eyes, and lips to ensure maximum effectiveness and safety.

# FILLER ELEGANCE CORRECTION FACE CREAM

## Advanced Correction. Visible Results.

The Correction Face Cream is a high-performance product from the Filler Elegance line, specifically formulated for intensive facial care in professional settings.

It provides visible improvements in skin texture, firmness, and hydration, supporting the skin's regeneration and overall radiance.

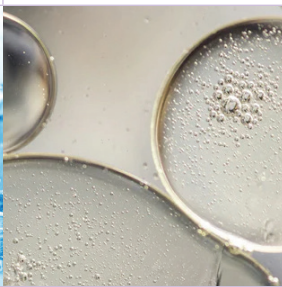

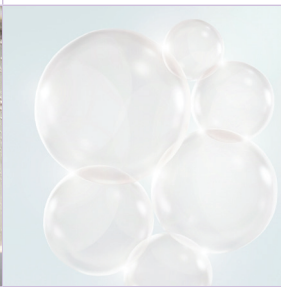

Suitable for use in aesthetic treatments and as part of an advanced home care routine, this cream is an ideal solution for clients seeking enhanced results and long-term skin health.

50ml | CPFECFC050

100ml | CPFECFC100

## KEY ACTIVE INGREDIENTS:

MATRIGENICS.14 GA	AQUAXYL	ELASTINE MARINE CP	COLLAGÈNE MARIN LIQUIDE	SODIUM HYALURONATE (20-2200 kDa)
				
<p>A marine extract that reactivates the synthesis of collagen and elastin. Helps visibly reduce wrinkles and improve dermal architecture, leaving the skin firmer, smoother, and more resilient.</p>	<p>An advanced moisturizing complex that restores the skin's water balance and prevents transepidermal water loss. Maintains optimal hydration throughout the day.</p>	<p>Biomimetic marine elastin that improves skin elasticity, tone, and texture - ideal for restoring firmness and flexibility.</p>	<p>Liquid marine collagen that helps increase skin density and resilience, promoting a firmer and more structured appearance.</p>	<p>The formula includes four distinct molecular weights of hyaluronic acid, each targeting a specific skin layer for maximum efficacy.</p>

### INCI:

Aqua (Water), Caprylic/Capric Triglyceride, Glycerin, Hydrolyzed Elastin, C12-16 Alcohols, C10-18 Triglycerides, Xylitylglucoside, Sodium Acrylates Copolymer, Palmitic Acid, Anhydroxylitol, Hydrogenated Lecithin, Phenoxyethanol, Dimethicone, Lecithin, Xylitol, Caprylyl Glycol, Parfum (Fragrance), Tocopherol, Chlorphenesin, Sodium Hyaluronate, Sodium Phytate, Citric Acid, Undaria Pinnatifida Extract, Sodium Citrate, Soluble Collagen, Sodium Benzoate

## FILLER ELEGANCE NECK AND DECOLLETE CREAM

Targeted firming and hydration for delicate skin zones.

Part of the Filler Elegance professional line, this cream is specifically formulated for the neck and décolleté, where the skin is thinner and more prone to sagging, dehydration, and fine lines.

The formula combines next-generation active ingredients with multi-level hydration technology to deliver visible firming, improved elasticity, and skin texture refinement.

This product is ideal for daily professional care or as a complementary step in anti-aging treatments.

50ml | CPFEND050

100ml | CPFENDC100

## KEY ACTIVE INGREDIENTS:

MATRIGENICS.14 GA	ELASTINE MARINE	MARINE COLLAGEN	SODIUM HYALURONATE (20-2200 kDa)
			
<p>Stimulates the synthesis of collagen and elastin, reducing the appearance of neck lines and décolleté wrinkles while strengthening the skin's structural integrity.</p>	<p>Boosts firmness and elasticity, helping to restore the tone and flexibility of this delicate area.</p>	<p>Increases skin density and smoothness, improving resilience and promoting a more lifted, youthful appearance.</p>	<p>The formula includes four distinct molecular weights of hyaluronic acid, each targeting a specific skin layer for maximum efficacy</p>

### INCI:

Aqua (Water), Glycerin, Pentylene Glycol, Butyrospermum Parkii (Shea) Butter, Cetyl Alcohol, Hydrolyzed Elastin, Coco-Caprylate/Caprate, Ethylhexyl Palmitate, Cetearyl Alcohol, Glyceryl Stearate, Jojoba Esters, Microcrystalline Cellulose, Ocus Oil (Vegetable Oil), Helianthus Annuus (Sunflower) Seed Wax, Sodium Stearoyl Glutamate, Xanthan Gum, Parfum (Fragrance), Chlorphenesin, Cellulose Gum, Hydrogenated Vegetable Oil, Sodium Hyaluronate, Sodium Phytate, O-Cymen-5-Ol, Phenoxyethanol, Tocopherol, Candelilla Cera (Euphorbia Cerifera (Candelilla) Wax), Glycine Soja (Soybean) Oil, Calcium Chloride, Citric Acid, Glycine Soja (Soybean) Seed Extract, Polyglycerin-3, Undaria Pinnatifida Extract, Sodium Citrate, Potassium Sorbate, Soluble Collagen, Sodium Benzoate

## FILLER ELEGANCE CORRECTION EYE CREAM

Targeted care for the delicate eye contour.

Part of the Filler Elegance professional line, this eye cream is specially formulated for the fragile skin around the eyes, offering a precise anti-aging and revitalizing effect.

The formula combines advanced biotechnological actives and multi-molecular hyaluronic acid to visibly reduce fine lines, puffiness, and dark circles

With a lightweight yet powerful texture, it delivers immediate hydration and long-term improvement in skin tone, elasticity, and firmness.

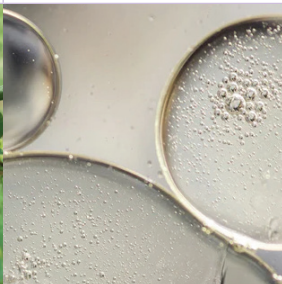

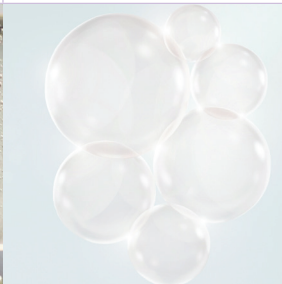

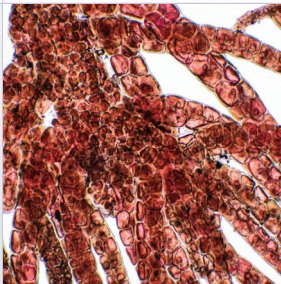

MADE IN FRANCE

15ml | CPFCECO15

30ml | CPFCECO30P

## KEY ACTIVE INGREDIENTS:

COMIPHEROLINE	MARINE ELASTINE	MARINE COLLAGEN	EARLYBOOST	SODIUM HYALURONATE (20–2200 kDa)
				
<p>Bioactive complex that stimulates lipid synthesis, improving skin volume and density. It helps reduce fine lines and crow's feet and combats signs of aging around the eyes.</p>	<p>Improves skin firmness and elasticity, restoring smoothness and tone to the delicate eye contour.</p>	<p>Reinforces the skin's structural network, helping improve resilience and firmness, making the skin appear younger and more lifted.</p>	<p>An energy-boosting ingredient that revitalizes tired skin, evens out tone, and enhances radiance. It supports a fresh, rested, and youthful eye area appearance.</p>	<p>The formula includes four distinct molecular weights of hyaluronic acid, each targeting a specific skin layer for maximum efficacy</p>

### INCI:

Aqua (Water), Glycerin, Caprylic/Capric Triglyceride, Hydrolyzed Elastin, Sodium Acrylates Copolymer, Phenoxyethanol, Lecithin, Caprylyl Glycol, Sodium Hyaluronate, Chlorphenesin, Sodium Phytate, Citric Acid, Tocopherol, Commiphora Mukul Resin Extract, Phenethyl Alcohol, Sodium Carrageenan, Jania Rubens Extract, Sodium Citrate, Soluble Collagen, Sodium Benzoate

## FILLER ELEGANCE CORRECTION LIP CREAM

Volumizing care for texture,  
firmness, and lip rejuvenation.

This intensive lip care cream is part of the Filler Elegance professional line, specifically developed to enhance lip structure, hydration, and overall appearance.

Its advanced formula combines biomimetic peptides, marine collagen, and a 4-level hyaluronic acid complex to visibly boost firmness, smooth fine lines, and define lip volume and contour.

Ideal for restoring youthful suppleness and improving lip texture in both professional treatments and daily care.

15ml | CPFELC015

15ml | CPFELC015P

## KEY ACTIVE INGREDIENTS:

INSTENSYL 3D	COMIPHEROLINE	SEPIlift™ DPHPA	MARINE COLLAGEN	SODIUM HYALURONATE (20–2200 kDa)
				
<p>Biopolymer from Cassava root, forming an immediate, long-lasting film on the skin's surface. Provides rapid lifting and tightening for the lip contour.</p>	<p>Plant-based volumizing agent that stimulates lipid synthesis, improving lip volume and density. Promotes fuller, smoother lips and more defined contours, mimicking a natural filler effect.</p>	<p>Bioactive complex that deeply hydrates and smooths the lips, reduces fine lines, and improves overall firmness and plumpness.</p>	<p>Restores the lip's structural integrity by enhancing elasticity and volume, contributing to a firmer and more youthful appearance.</p>	<p>The formula includes four distinct molecular weights of hyaluronic acid, each targeting a specific skin layer for maximum efficacy.</p>

### INCI:

Aqua (Water), Glycerin, Octyldodecanol, Sodium Acrylates Copolymer, Dipalmitoyl Hydroxyproline, Phenoxyethanol, Caprylic/Capric Triglyceride, Lecithin, Tapioca Starch, Aroma (Flavor), Caprylyl Glycol, Sodium Hyaluronate, Chlorphenesin, Sodium Phytate, Citric Acid, Commiphora Mukul Resin Extract, Helianthus Annuus (Sunflower) Seed Oil, Tocopherol, 1,2-Hexanediol, Sodium Citrate, Soluble Collagen, Sodium Benzoate

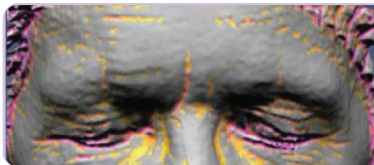

# EFFECTS OF THE MAIN ACTIVE INGREDIENTS

## MATRIGENICS.14G

### ANTI-AGING MARINE BIOTECHNOLOGY FOR STRUCTURAL REJUVENATION

Matrigenics.14 G is a marine-based active, derived from Undaria pinnatifida extract (brown algae), and functions as a potent anti-wrinkle and anti-aging agent.

#### Wrinkle depth reduction and surface improvement:

**Before treatment:**  
Visible deep lines

**After treatment:**  
Smoothed structure and improved volume

This water-soluble concentrate is rich in wakamic ester, which stimulates the expression of 14 genes involved in collagen and elastin synthesis, hyaluronic acid production and structural matrix organization.

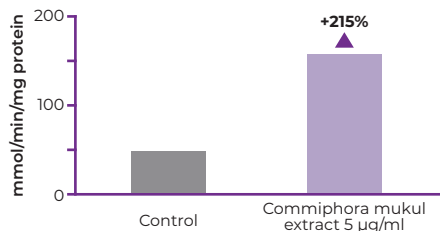

By stimulating the skin's genetic regeneration pathways, Matrigenics.14 G restructures the extracellular matrix, reducing the depth of nasolabial folds, frown lines, and forehead wrinkles. It also prevents the inversion of the beauty triangle, helping restore youthful facial contours and diminish negative expressions.

## COMIPHEROLINE

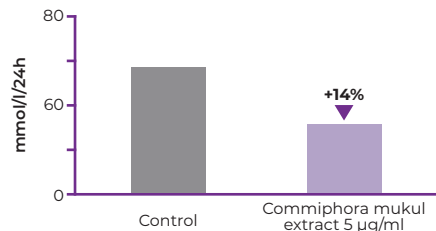

### NATURAL VOLUMIZING AGENT FOR SKIN DENSITY & LIFT

Comipheroline is a natural active derived from the Commiphora mukul plant resin (guggul). It is widely used in dermocosmetics as a volume-enhancing and densifying agent that stimulates lipid synthesis, resulting in improved firmness, fullness, and skin tone.

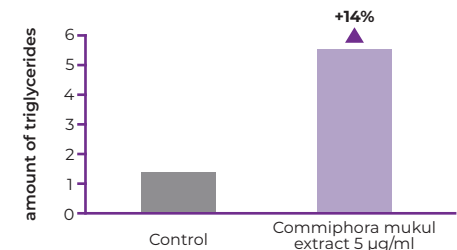

This active functions as a natural filler, visibly plumping the skin and smoothing fine lines. It is particularly effective in treatments targeting loss of volume, facial sagging, and wrinkle correction.

By activating G3PDH, Commipheroline stimulates lipogenesis

By limiting cAMP production, Commipheroline inhibits lipolysis.

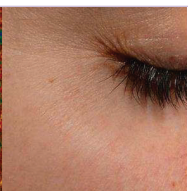

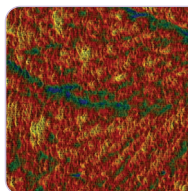

By increasing the amount of triglycerides, Commipheroline helps fill in wrinkles.

## EARLYBOOST

### CELLULAR ENERGIZER & FATIGUE-FIGHTER

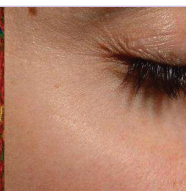

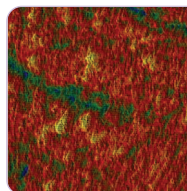

Earlyboost is a patented active based on taurine, a vital amino acid that increases cellular energy (ATP) production and supports skin revitalization.

#### Early boost erases first signs of ageing

##### On crow's feet area:

-6%\*\* average decrease of main wrinkle and up to -15%

##### After 28 days:

Main wrinkle is less visible.  
Skin relief has been smoothed out.

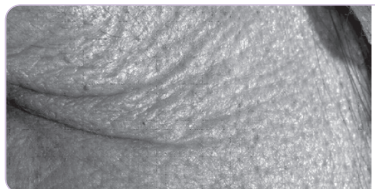

Enhances cell metabolism and regeneration, improves skin tone and luminosity, strengthens membranes & improves moisture retention, and protects from oxidative stress (pollution, UV radiation, environmental aggressors) Ideal for tired, dull, or stressed skin. Earlyboost restores freshness, radiance, and resilience, making it a valuable component in anti-aging and hydrating formulas.

## INSTENSYL® 3D EXPRESS LIFTING

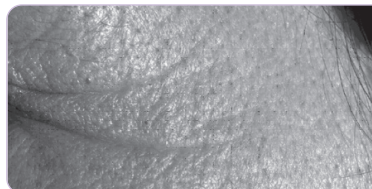

### INSTANT FIRMING EFFECT WITH PROLONGED ACTION

Instensyl® is a three-dimensional biopolymer derived from sugars found in cassava root (manioc). It is widely used in professional cosmetology for its instant tightening and long-lasting lifting effect - ideal for fast-action aesthetic treatments.

#### Evaluation of anti-wrinkle effect

Assessment by fringe projection on crow's feet

One hour after a single application, significantly smoothes and reduces wrinkles.

Delivers instant tightening, making the skin smoother, firmer, and visibly more lifted within minutes.

This ingredient is ideal for products requiring immediate aesthetic improvement — particularly in professional or pre-event care routines.
